

LAND ACCESS & COMMUNITY ENGAGEMENT

AMETS **Tenement Managers** and **Geologists**, have extensive experience in successfully managing **Land Access and Community Engagement**, Australia Wide. Our Team can **save you time and money** by assisting you to effectively engage with landowners and the broader community, to ensure that your project has the best chance of succeeding. Our best practice, value for money, Land Access and Community Engagement solutions are tailored to suit your project needs and internal requirements.

WHEN DO YOU NEED TO CONSIDER LAND ACCESS?

Land Access is relevant to all stages of exploration, but generally, once you have had the tenement granted.

Advertising and communicating in the right way can have a very positive impact on the progress of a project and can reduce overall community concern. Approaching with respect and showing empathy builds trust, achieving positive outcomes.

WHAT ARE THE CONSEQUENCES OF NOT HAVING SUPPORT WITH LAND ACCESS

- ⊗ The project cannot go ahead without the agreement from landowners
- ⊗ A landowner could say no and could deny access
- ⊗ By failing to engage the community you could have widespread rejection of your plans
- ⊗ Disengagement and immediate dismissal of future proposals

WHO SHOULD CONSIDER LAND ACCESS SUPPORT?

All explorers looking to:

- ✓ get on ground Australia wide
- ✓ operate in more densely populated areas
- ✓ operate in VIC, NSW, TAS, QLD, SA as a single tenement may have over 200-300 landowners
- ✓ give their project the best chance to succeed by following current best practices.

WHAT NEEDS TO BE CONSIDERED WITH LAND ACCESS & COMMUNITY ENGAGEMENT?

- ✓ Who are the stakeholders, including land elders
- ✓ How to engage with the community
- ✓ How to gain access to the property
- ✓ A realistic timeline for the engagement and access

Get in touch with AMETS today to seamlessly manage your Land Access & Community Engagement
