## **Environment Strategy and Community Engagement Plan**

Falcon Gold Resources (“Falcon” or “the Company”) is a Victorian based exploration company with a head office in Melbourne and Exploration Manager that lives in Central Victoria. This enables the company to have a better understanding of stakeholder and community concerns compared to companies that are based interstate or offshore.

Falcon treats its environmental and community responsibilities very seriously. All required consents will be acquired prior to any exploration activities and all relevant statutory conditions followed as stipulated by the relevant authorities.

Falcon aims to uphold the highest corporate, social and environmental standards and recognises the importance of building respectful and inclusive relationships with our stakeholders, communities and governing organisations.

Falcon is committed to open and transparent communication with the community in which it operates. The Company aims to actively manage the impact of our activities through the continued consideration and response to the interests and concerns of the local community.

We will respect the rights of all landowners and seek to minimise any potential disturbance associated with our activities as much as possible through the following commitments:

- Provide key information on our exploration activities to local stakeholders.
- Consideration of any social, environmental and economic effects of Falcon’s activities at the local stakeholder level.
- Seek to understand stakeholder values, interests and concerns and address these in a timely manner.

- Ensure our employees and contractors are aware of their obligations with respect to the local community and environment.
- Contribute to the community through local employment opportunities and utilise local contractors and suppliers where possible.
- Communicate effectively through various means, including (in order of preference),
  - one-on-one meetings
  - telephone conversations
  - letter drops
  - email communications
  - newsletter communications
  - local and regional media placements
  - posting on our Company website

This statement is complementary to the regulatory requirements and established procedures governed by the Victorian Code of Practice for Mineral Exploration.
