# CAPABILITY STATEMENT

TRUSTED LEADERS IN  
MINING COMPLIANCE

## TRUSTED LEADERS IN MINING COMPLIANCE

## OUR VISION

Our vision is not to be the biggest, but to be the leading Tenement Management and Geoservices Agency across Australia, achieving sustainable growth through the quality of our people and the strength of our relationships.

### ABOUT US

As trusted leaders in mining compliance, AMETS offers a boutique style service of Tenement Management and Geoservices across Australia and internationally.

Established in March 2008, the remarkable growth of AMETS is a result of proven experience and delivery of expertise, achieving positive results for our client's mining & exploration projects.

Our success is based on our ability to build strong relationships and produce successful outcomes for our clients.

Capabilities within our group include compliance of tenements, technical reporting, land access, ground monitoring and acquisition, due diligence, native title and cultural heritage management, safety / risk management systems, GIS mapping, drilling approvals and data management.

Our experienced Tenement Managers and Geologists, are located nation-wide confirming our commitment to our valued clients ensuring they are receiving the most up to date information on legislation and regulatory processes in all states and territories.

### AS TRUSTED LEADERS

- We take ownership and lead by example at all times.
- We show respect to the community, indigenous Australians, environment and landowners.
- We work together and support each other to achieve required outcomes.
- We maintain strong relationships with our clients and stakeholders.
- We value the differences of not only our team, but our clients, communities, and broader industry stakeholders. We respect each person's unique experience, perspective and contribution.

# WHY CHOOSE AMETS?

## INNOVATION

At AMETS we are innovative in our approach and have the expertise to create whole of project solutions. Companies choose to work with us as we are holistic and collaborative in daily projects and we consider all aspects of the project offering tailored solutions for our clients. From the application to grant, through the various stages of approvals, we continue to be proactive, delivering high value outcomes. With the ever-changing complex legislation and processes, we welcome opportunities to remain solutions focussed challenging us to work smarter, continually improving and executing tasks in the best way possible.

## RELATIONSHIPS

Our focus at AMETS has always been on building long-term relationships, working closely with our clients and stakeholders, achieving mutual results. AMETS is proud that over time, an extensive network of industry consultants and stakeholders such as State and Commonwealth government departments, authorities and land councils, have been developed and maintained with AMETS establishing a reputation as respected leaders across Australia.

## SERVICES

AMETS has successfully provided Tenement Management and Geoservices to the extractive, exploration, mining, oil and gas sectors for over 18+ years. We have worked closely with our clients to achieve unique, innovative and cost-effective solutions and pride ourselves on delivering outstanding results on time, with the highest degree of professionalism and living up to our values. Within the wide range of services we provide, AMETS has the capability and experience to assist with tenement management, GIS and technical reporting for all of your projects, ensuring the security of your assets.

## TEAM

Our staff are the strength of our business, and it is our staff who make us industry leaders. To achieve this, we develop high performing teams that are aligned with our vision and values. AMETS recruitment strategy is to attract, retain and develop the right people, and those whose beliefs and values align with 'the AMETS Philosophy'. We believe in working as a team and supporting each other to understand and achieve common goals.
